Brandon,

Here are the links to the San Francisco Department of Public Health that I referenced in my presentation yesterday and which you requested. Thanks again for the very informative and thoughtful presentation you gave yesterday at our Division meeting. Too bad we couldn't have more time for questions and discussions, but that usually tends to be the case when the topic is hot-button. I look forward to seeing you soon.

NOTE: "DIVISION MEETING" refers to my presentation to 24 members of the NYSDOH via video (12 in NYC and 12 in Albany) regarding my parties, online outreach and social events.
